Congratulations the students who swam very competitively at Albury at the Riverina Swimming Carnival: George 16th and Ted 22nd overall and the MPS P5 relay team coming 6th in the Riverina. Congratulations also to Connor and Digby for their individual successes in the recent John O’Brien writing competition. Well done to you all. We also have a number of individual students taking advantage of additional opportunities such as the AFL and Netball trials at Coolamon on Wednesday, 3 students nominating for the Riverina Choir and 4 students attending “A Day With a Scientist” in Wagga next Monday. Our students (and parents) are really very busy at the moment!

Next Wednesday 18th March will also be an very busy day for our whole school community beginning with our Ride-2- School and muffins, followed by a fabulous morning program at school with the Riverina Environmental Education Centre staff, and culminating with a healthy lunch (chicken salad wrap for $2.50). Everyone is welcome to join us for all or parts of the entire morning program. We are also very pleased to say Kitty Bont from CAHMS will be dropping by especially for morning. We certainly look forward to seeing Kitty again.

Next week students are looking forward to sharing their learning goals with you. Please remember to return your preferred times this week for the Student Personalised Learning Plan meetings being held in Week 8.

Premier’s Reading Challenge is now open for registration. Students register themselves and update their own Student Reading Record online using their DET username and password. Students will need their teacher to validate their reading log before the PRC certificate is issued. Their reading log must be completed by the 21st August.

The school counsellor visits twice per term to assist staff in supporting students in their learning. Our Counsellor, Eileen Knox visits Matong PS in Week 5 and Week 8 each term. Please contact the office if you would like your child to access this service.

As always, a very sincere thank to parents and students who assist us to move forward with conversations around improving our structures and systems to better support our students’ learning.

Have a great week

STAGE ONE NEWS

Mrs Meier is coming to write stories with us every Thursday this term. We have learnt that we have a left and right side of the brain. We need to think of a character that we would like to write about for this Thursday’s lesson. Last Friday Digby brought in a goanna’s carcass for news. It was interesting but smelt terrible.
By Stage 1

A huge thank you to Jen Hatty for laminating (what must have seemed like thousands) sight words for Stage 1. It is much appreciated.
Mrs Crocker

STAGE 2/3 NEWS

The end of term is quickly approaching and Stage 2/3 students are busy working to finish off our units that we have been working on this term, such as ‘Australians at War’ for History and ‘Matter’ for Science.
This week we had four students go off to Albury for the Riverina swimming carnival Ella Collins, George Hatty, Connor Smith and Ted Hatty. All students did a fantastic job to get to such a high level and should be very proud of their achievements.
Next Wednesday 18th March Stage 2/3 is going to have a visitor whose role was to send and receive Morse code during WW2. Students are very lucky to be given the chance to listen to some stories about what war was like from a woman’s perspective. Stage 1 will also have the opportunity to join and listen as they have also been learning about war.
Science experiments on solids, liquids and gases have been going very well each week; students are now producing powerpoints to show what they have learnt.
Have a great week.

Miss Buchanan and Mrs McGuiness

STUDENT NEWS

Stage 1 has been learning about Simpson and his donkey. They have also been learning about War and what effects it had on everyone involved. In maths Stage 1 has been learning about vertical and horizontal lines and is doing very well.
Stage 2/3 have been doing lots of grammar, spelling and writing activities during our literacy stations on Monday, Tuesday and Wednesday. We have also been learning about Australians at War and 2D shapes during maths on Thursday and Friday.

Community Day Wednesday 18th March

Wednesday will be an action packed day at school with plenty of opportunities for parents to join in and participate alongside your children in their learning. Here’s how!

National Ride2School Day Wednesday 18th March
Following the success of last year’s event, we have again registered for the annual National Ride 2School Day which is to be held on Wednesday, 18th March. All students, (and parents and staff!!) are encouraged to ride part or all of the way to school on this day. Those who are unable to ride might consider walking part of the way to school on this day. Last year, several parents accompanied their children for this activity which was great to see. All students on wheels are required to wear helmets. Perhaps you could contact your neighbours and travel together. If you have starting locations please let the school know and we can advertise in next weeks newsletter. This will be a great warm-up and practice for the Mr Lucas ride in a few weeks time. This year we are encouraging all participants to join us for muffins and juice that will be provided free of charge upon arrival at school. So as to give us an idea of numbers for catering purposes, please complete the attached note and return it to school by this Friday. Final details will appear in next weeks newsletter.

Riverina Environmental Education Centre Wednesday 18th March at 11.15am
The REEC will be visiting Matong PS to provide their Environmental Program for our students free of charge. The students will be participating in engaging and fun environmental, hands-on, learning activities suitable to their age and ability. We are very grateful for the staff from the REEC who are covering the cost of transport and all students’ learning materials in support of students in our more locations. We will be thanking the REEC staff with morning tea as well as lunch and I would hope as many parents as possible can come along to join in with the students during the lessons from 9.15-11.15 and stay for our healthy lunch to personally express our appreciation to them.

Our face book page is another way that parents and interested community members can keep up to date with the exciting events happening at our school. Liking our page only allows us to see your public profile., so private information shared with your ‘friends’ is not visible to Matong Public School administrators or others who like our page.
The World Health Organisation (WHO) defines mental health as a state of well-being. At a recent KidsMatter webinar, staff and parents learnt more about the importance of good mental health in the success of learners.

WHO "Mental health is defined as a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community"

The positive dimension of mental health is stressed in WHO's definition of health as contained in its constitution: "Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity."

This fact file highlights the important aspects of mental health and disorders. The images include pictures drawn by children who participated in the WHO Global School Contest of Mental Health in 2001

THANK YOU

A huge thank you to Steve Hunt from Narrandera Signs. Steve has been very busy over the last couple of weeks updating our Honour Boards and creating memorial plaques in honour of Mr Lucas. One has been placed near the tree that was planted in his memory and another on the recycled bike made by our Envirochamps in 2013. Steve has also very generously donated a new Matong School establishment sign which looks fabulous. If possible please support this local business for all your signwriting needs.

VOLUNTARY SCHOOL CONTRIBUTIONS
Thank you to those families who have already made a voluntary contribution. It would be appreciated if this contribution could be paid as soon as personal funds permit, either as a whole payment or in instalments. To assist with student costs we ask that each family pay a voluntary contribution of $40.00 for each student, $80.00 for two students or $115.00 for three or more students.

Rosie Batty, Australian of the year has launched an Anti-Domestic Violence App designed to help women understand the warning signs of abusive and controlling relationships. For more information please visit our School Website or Facebook page.

P&C NEWS
Next meeting will be held this Wednesday night 11th March.

Items for discussion this week include:
- Discussion and organisation of the upcoming movie night and the Ian Lucas Bike Ride and Hike
- Potential fundraising ventures for the Variety Club Bash. We would love to hear any ideas that you have

It would be fantastic if we could have as many parents as possible coming along to this meeting to help develop ideas that are put forward.

* Reminder: Pie drive forms and money are due back next Tuesday 17th March.
* Helpers are still required to assist with catering and serving on Sunday 29th March at the Ian Lucas Memorial Bike and Hike. Please return your helper form ASAP

PREMIERS READING CHALLENGE
The 2015 challenge is now open and students are invited to participate. The Challenge aims to encourage a love of reading for leisure and pleasure in students, and to enable them to experience quality literature. It is not a competition but a challenge to each student to read, to read more and to read more widely. Students can log on using their student portal logon and password at https://online.det.nsw.edu.au/prc/home.html

Why focus on water?

Drinking tap water
✓ Quenches thirst without getting the sugar or kilojoules
✓ Helps prevent dental problems
✓ Inexpensive for families compared to other drinks

So choose water as a drink!

Tips to help your children drink more water
💧 Offer water with all meals and snacks.
💧 Keep chilled water in the fridge for hot days.
💧 In summer, freeze chopped fruit in ice blocks and pop into a cup of water.
💧 Carry filled water bottles when you go out.

COOLAMON LIBRARY NEWS
The next storytime for will be held Friday 20TH March @ 10.30am theme on counting - “1,2,3,4,5”. Then our Easter storytime will be held Friday 27th March @ 10.30am. Everyone is most welcomed to attend.

Nutrition Snippet

The simplest way
...to food shop on a budget

Here are our five top tips to save money while shopping for your fruit and veg.

1. Create a weekly menu plan
2. Write a shopping list based on menu plan
3. Compare prices using ‘unit pricing’ (per kilo/100grams) if available
4. Buy fruit and vegetables that are in season, or pick the canned/frozen option if cheaper (and just swap them)
5. Limit your purchases of processed pre-prepared snacks/meals

3. Name this well-known city that has just celebrated its 450th anniversary.

4. Which country has this flag?

5. What type of animal is hitching a ride in this photo?
1. What possible changes to the postal system has the Communications Minister announced?
   a. floating solar power plant - Australia's first floating solar power plant is expected to be operational in South Australia by early April. The plant will float on a wastewater treatment facility in Jamestown in the state's mid north and help prevent water evaporation. It will also keep the surface water cool which will help prevent the outbreak of blue-green algae, a water quality problem.
   b. the price of a standard stamp is going up - The price of a standard postage stamp could rise from 70 cents to $1 and mail may take longer to arrive. Australia Post will introduce a two-speed mail service, with a regular service operating two days slower than the current delivery speed, and a premium-rate priority service.

2. Which well-known actor made a crash landing in his light plane on a golf course last week?
   a. Harrison Ford - The 72-year-old, star of the Indiana Jones and Star Wars films, reported engine failure and crash-landed his vintage plane on a Venice golf course.

3. Over 700 native Australian animals were culled during 2015/2016 in Victoria because of overpopulation. Which type of animal was targeted in the cull?
   a. Koala - Almost 700 koalas have been culled in the Cape Otway area of western Victoria because of overpopulation issues. The koalas were captured and sedated before being put down by wildlife officials. If there are too many koalas they strip the trees and then starve and disease runs rampant.
   b. Kangaroo - The overpopulation of kangaroos led to the government's decision to cull the animals to reduce the impact on the ecosystem.

4. True or false, Foreign Minister Julie Bishop has offered to return three convicted Indonesian drug criminals in return for the lives of the two Bali Nine men?
   True - Indonesia did not accept the offer during a tense phone call on Tuesday last week between Ms Bishop and her Indonesian counterpart.

5. What do tourists leave behind on Mt Everest and are causing problems according to Mountaineering associations in Nepal?
   a. toilet wastes - The human waste issue is causing pollution and could spread disease. More than 700 climbers and guides spend almost two months on the mountain slopes each season, which began last week and ends in May.
   b. litter - Tourists are leaving behind trash and waste, which is causing problems for the environment.

6. A video has gone viral showing tourists having a scary encounter when an animal managed to open their car door at a South African safari park. What type of animal was it?
   a. a lion - They captured the close call on camera as the lioness appeared to stalk the car, then lunged against the door and carefully open it with its teeth. Luckily they managed to close the car door before the lion was able to reach any of the occupants.
   b. a cheetah - A cheetah was spotted sneaking into a car at a South African safari park.

7. Why was a school principals' conference in the news last week?
   a. over 175 people contracted salmonella poisoning after attending the conference - Around 1,200 people attended the school principals' conference and over 24 people were admitted to hospital. The usual causes for salmonella are poorly cooked meat, poultry and eggs.
